WELCOME ADDRESS

The Romanian Society of Pediatric Laparoscopic Surgery and Other Minimally Invasive Techniques in Pediatrics (RSPLS) has the great honor and pleasure to cordially invite you to attend a very interesting manifestation, of high scientific level, that will be held in Bucharest, Romania, on May 4 th -5 th 2018, under the patronage of European Society of Paediatric Endoscopic Surgeons (ESPES).

The event is composed of a MIS workshop on live animal model, a Masterclass and the Third Annual Congress of the Romanian Society of Pediatric Laparoscopic Surgery and Other Minimally Invasive Techniques in Pediatrics.

The entire manifestation will be open for participation to pediatric surgeons and trainees from all Europe!
We have the privilege of having among us for the most important 2018 national event of pediatric laparoscopic surgery, that reaches far beyond our borders, some of the masters in the field of pediatric minimally invasive video-endoscopic surgical techniques. Proof of the major interest shown is the participation of numerous foreign guests.

The performances and innovations accomplished worldwide in various minimally invasive video-endoscopic avant-garde procedures will be presented through papers, debates and lecturers from our guests.
Progress in laparoscopic pediatric surgery in Romania is obvious and undeniable, creating the prerequisites for a broad collaboration with foreign partners. We strongly believe that the varied thematic program proposed by the organizers for this 2 days event are the main reason to check this memorable scientific manifestation in your agenda for 2018.

We welcome you on May 4 th and 5 th 2018 in Bucharest!

Isabela Draghici, MD PhD
RSPLS President
ESPES Honorary Secretary

Prof. Ciro Esposito, Md PhD
ESPES President
RSPLS Honorary President

WORKSHOP

ADVANCED PEDIATRIC MINIMALLY INVASIVE SURGERY - "HANDS ON" TRAINING COURSE ON "LIVE ANIMAL MODEL"

FRIDAY, 4th MAY 2018

FACULTY OF VETERINARY MEDICINE - "GREAT HALL"
