To ESPES, the

European Society of Paediatric Endoscopic Surgeons

Election for the position of Treasurer

Dear Mr. President of ESPES Juan de Agustin,
dear Honorary Secretary of ESPES Maud Lindeboom,
dear Treasurer of ESPES Salvatore Chiarenza,
dear members of the Executive Board of ESPES,
dear Ciro,

please allow me to stand for the election to the position of Treasurer of ESPES.

As all of you know I have been a strong supporter of ESPES "for many years", serving our prestigious society in various functions like EB member, academic mentor of research and education or networker to partner with other societies like IPEG.

In the future I would like to get even more involved.

As treasurer of ESPES I shall be happy to carefully look after the financial assets of ESPES adhering to the principles of appropriate bookkeeping and accounting. I can offer a broad experience about organizing international conferences (EUPSA 2013, Vienna 2020) and my profound financial expertise as director of a multimillion € stock listed company to optimize upcoming conference budgets together with the Congress President.

I dearly hope that all present members of the ESPES board will support my nomination and promise to work hard for ESPES in case I get elected by our members.

Members supporting this application:

Prof. Ciro Esposito (CEO) and Prof. Salvatore Fabio Chiarenza, acting treasurer of ESPES

Looking forward to hearing from you,

See you all in Sorrento,

Holger 

Univ. Prof. Dr. Holger Till

Head of the Dept. of Paediatric and Adolescent Surgery, Medical University of Graz, Austria
President of the Austrian Society of Paediatric and Adolescent Surgery
Pastpresident of the International Pediatric Endosurgery Group
