CEO of the Interdisciplinary Pediatric Surgical Department

Dear colleagues and friends,

for many years I have been a strong supporter of ESPES, serving our prestigious society in various functions like EB member, academic mentor of research and education or networker to partner with other societies like IPEG.

In the future I would like to offer my broad experience in financials (e.g. organizing international conferences (EUPSA 2013, Vienna 2020), e.g. director of a multimillion € stock listed company) to secure and grow our ESPES budgets.

I dearly hope that all present members of the ESPES board will support my nomination as treasurer.

Yours sincerely,

Holger
