

ESPEs 2018 MEETING

Pre-congress courses

WORKSHOP ROBOTIC SURGERY 26/9/2018

Chairmen: Henri Steyaert (BEL), Hubert Lardy (FRA)

Faculty: Henri Steyaert (BEL), Hubert Lardy (FRA), Azad Najmaldin (UK), Van Der Veken E. (BEL), Sabine Sarnacky (FRA), Gloria Pelizzo (ITA), Guy Bernard Cadiere (BEL), G. Mattioli (ITA)

8H30 – 10H00	General Consideration – Docking – Installation with (probably) live demonstration from HUDERF - Lardy Hubert (FRA)
10h – 10h30	Robotic surgery in Urology - Najmaldin (UK)
10h30 – 11h	Implementation of the robotic program in a Children's hospital lesson learned – Van Der Veken E. (BEL)
11h – 11h15	Coffee break (and DA VINCI robot training)
11h15 – 11h45	Robotic surgery for pediatric learning – Pelizzo G (ITA)
11.45h – 12h15	Is robotic surgery a breakthrough in oncologic surgery? Sarnacky S (FRA)
12h15 – 12h45	New robotic systems – Cadière G-B. (BEL)
12h45-13h00	A critical appraisal of the current evidence about Robotics in Pediatric Surgery G.Mattioli (ITA)
13h – 13h30	Conclusion – All experts

Max: 50 Participants

ESPE ADVANCED COURSE of PEDIATRIC UROLOGY

26/9/2018

"MIS MANAGEMENT OF PEDIATRIC VESICO URETERAL REFLUX"

Chairmen: **Ciro Esposito (ITA), Alaa El Ghoneimi (FRA)**

Faculty: El Ghoneimi (FRA), Chiarenza F (ITA), Angulo JM (SPA), Valla JS (FRA), Esposito (ITA), Varlet F (FRA), Szavay (SWI)

Wednesday September 26, 2018 h 8.30-13.30

08.30-09.00	El Ghoneimi (FRA)	Vesicoureteral Reflux: Current Trends in Diagnosis, Screening and Treatment
09.00-09.30	Chiarenza F (ITA)	Open ureteral reimplantation
09.30-10.00	Angulo JM (SPA)	Endourological Treatment of VUR using bulking agents
10.00-10.30	Valla JS (FRA)	Ureteral Reimplantation using pneumovesicoscopy
10.30-11.00		Discussion
11.00-11.30		Coffee Break
11.30-12.00	Esposito (ITA)	Laparoscopic and Robotic extra-vesical reimplantation using Lich-Gregoire procedure
12.00-12.30	Varlet F (FRA)	Laparoscopic management and reimplantation of megaureteres
12.30-13.00	Szavay (SWI)	Long term results according to literature analysis
13.00-13.30		Discussion and Conclusion

Max: 50 Participants

BASIC WORKSHOP PEDIATRIC MIS

Wednesday, September 26th, 2018, 8.30-13.30

Chairman: Isabela Draghici (ROM), Giovanna Riccipetioni (ITA)

Faculty: Paul Philippe (LUX), Mario Mendoza (SWI), Holger Till (AUT), PiergiorgioGamba (ITA), Philippe Montupet (FRA), Raimundo Beltra (SPA), Eric Van Hoorde (BEL), Anna Poupalou (BEL), Helena Reusens (BEL), Martin Lacher (GER)

THEORETICAL PART: 8.00- 10.30

8.00-8.30	Registration	
8.30-10.30	Theoretical Part (Introductory talks)	
8.30-8.45	Instrumentations: needle holders, nodes pushers, graspers	Lacher (GER)
8.45-9.00	Laparoscopic knotting – generalities; Three stages of knot tying: Configuration (Tying), Shaping (Drawing), Securing (Locking or snuggling); Laparoscopic Needle; Laparoscopic Suture Materials	Riccipetioni (ITA)
9.00-9.15	Types of Laparoscopic Surgical Knots, Laparoscopic intracorporeal knot tying, Extracorporeal knot Ligation, Endoscopic Suturing and Knot Tying: Theory Into Practice	Draghici (ROM)
9.15-9.30	Errors and dysfunctions of the laparoscopic knots and ligation	Montupet (FRA)
9.30-9.45	Laparoscopic clipping and specific devices	Philippe (LUX)
9.45-10.00	Knots and ligation in roboticsurgery	Mendoza (SWI)
10.00-10.15	Innovation: Laparoscopic mechanical suture	Beltra (SPA)
10.15-10.30	Coffee break	
	Practical Part on Pelvic Trainers	ALL FACULTY
10.30-13.00		
13.00 -13.15	Check of practical skills	
13.15-13.30	Conclusions, Distribution of certificates	

Pelvic trainers: 20 units

MAX: 40 participants
