# OLYMPIC THEATER AND PALLADIAN BASILICA

## OPEN CEREMONY VENUE

The artistic wonder **Olympic Theater** (<http://www.teatroimpicovicenza.it>), included in the UNESCO World Heritage List, is the first indoor theater in masonry in the world, with interiors made of wood, stucco and plaster. It was constructed by architect Andrea Palladio, between 1580 and 1585, when it was inaugurated.

At the end of the open ceremony we will move to the Palladian Basilica, with a professional tourist guide, located at a short walking distance from the Theater, to enjoy the **welcome reception**.

The **Palladian Basilica** is one of the most symbolic building of Vicenza. We will have exclusive access to the terrace and to the loggia for the organization of our welcome reception.

# VENETIAN GALLEONS CRUISE
