

Prof. Sameh Shehata
Prof. Of Pediatric surgery
University of Alexandria
WOFAPS President

IPEG ME Chapter Past President

EPSA Past President

Dear ESPES general secretary

I wish to stand for election for the position of ESPES executive board member.

I am currently the president of the WOFAPS , past president of IPEG ME chapter, and past president of EPSA.

I have organized many workshops for training in pediatric MIS locally in Egypt, regionally in the middle east, and internationally. Creating links and collaboration between the ESPES and other association will be a great opportunity to achieve the mission of ESPES of improving the level training of young surgeons and level of care of sick children.

I have previously shared in the impressive activities of the ESPES including congresses and workshops as well as I have shared in writing the ESPES manual of Pediatric surgery.

I would like to nominate the following ESPES members to support this application.

Ciro Esposito

Fabio Chiarenza

A handwritten signature in blue ink that reads "Sameh Shehata".
