

STATEMENT ON THE UKRAINIAN CRISIS

The Executive Boards of WOFAPS, AIACP and ESPES express their deep sadness and concern about the difficult situation that many children and their families are living in the Ukrainian crisis.

We all have joined “**Save a Child Global** ([Save A Child - Specialists](#))” in order to offer support and advice to all physicians and Pediatric surgeons, working in this area of conflict, that could need or benefit from our expert members.

We pray and hope that the continuous efforts of diplomacy that Europe and other Countries are still offering will work and this difficult and sad Ukrainian situation will find peace and good agreements between all the entities involved as soon as possible.

On behalf of all members of the Executive Boards

Sameh Shehata
WOFAPS
President

María Conceição Salgado
AIACP
President

Mario Mendoza-Sagaon
ESPES
President
